*Reasons for Allowance*

The declaration of Peter Hesse addresses a possible offer for sale of the cultivar Starlet Bronze more than a year prior to the effective filing date of 10/25/02. A sale of the invention in this country, more than one year before the effective filing date of the application would constitute a bar under 35 USC 102(b).

In the response filed March 5, 2005, Royal Van Zanten advertised cultivar Starlet Bronze in the 2002 Garden Mum Catalog, more than one year prior to filing of this instant application. However, as the catalog was not shipped prior to October 23, 2001 and the United States Postal Service takes 2-9 days for delivery to occur, prospective customers would not have received the offer for sale until on or after October 25, 2001, less than one year prior to the effective filing date of this instant application.

The specification provides as complete a botanical description as reasonably possible of the claimed plant. The completeness of the description is sufficient to distinguish this new plant from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
